**THE FURTHER LIBRARY.**—  
SPECIAL NOTICE TO PURCHASERS.

It is well known fact, both here and in Europe, that in  
the division of large and valuable private libraries by auction,  
such, for instance, as the one now being held in New-York,  
the prices realized have been much higher than the  
prices paid for the same books in Europe, and  
indeed, full twice the sum, as much as even higher  
prices paid for the same books in Europe.

In view of these facts, J. W. BOUTON & CO. invite the attention of  
all buyers to their large and valuable collection, of  
books, to be sold at auction, and recommended by them personally,  
as being the best and highest bid made for them in  
any part of the world.

It will be found particularly useful in  
the preparation of Latinized names.

The Drama and Works relating thereto, consisting of  
hundred editions of Shakespeare, and a collection of  
works of such writers as Dryden, Pope, Addison, etc.
